

Consent Form for Photographs on the Website: young people under 18

The parish would like to show images of the many groups and activities at St. Paul's Church on a website (www.stpaulsoldham.org.uk) that will be open to the public – e.g. via a search engine such as Google. The website exists (a) for the general interest of church members; and (b) to publicise our activities to the wider community. Any photograph would be used for these purposes.

We ought to warn you that it is impossible to control the usage of any image that is posted on the website. While we can undertake basic security measures (such as making right mouse clicks ineffective) it is relatively simple for a member of the public, who knows what they are doing, to download, print or copy any image displayed on this or any other website.

We hope to show photographs of children on the website on their own or as part of a group, taking part in church activities: in Church Concerts, Christmas Fairs, Nativity Plays, or children's groups.

We are asking you to give your consent to us to display such images on the website.

The responsibility for producing and controlling the website is currently delegated by the Parochial Church Council to Revd. Nick Andrewes and Mr. Stuart Vaudrey. Please feel free to contact them directly to discuss any concerns that you might have, now or at any point in the future.
